

COMPASS ROSE

A compass rose displays the orientation of the cardinal directions. They can display up to 32 directions. This is an eight point compass rose displaying; North, South, East, West, Northeast, Southeast, Southwest and Northwest.

You can use a map or a compass to orientate this stencil when painting your compass rose. If you are interested let the stars point you north; the Big Dipper and the North Star can be used to orientate your compass rose.

The compass rose can be used to teach children eight cardinal directions.
