

HOME OF THE BRAVE (Map of USA)

This patriotic map, United States of America is designed to enhance the knowledge of a child's fundamental map skills and promote awareness of geography. It is approximately 14 feet wide by 13 feet high.

By adding a map to a playground, a child can begin to recognize the states and their capitals in and outside the classroom in both formal educational methods as well as recreation methods.

Not only does this map of United States playground stencil promote educational needs, it also promotes physical activity and teaches both movement and educational skills to children of all ages.
